

Janice Shaw

email: hello@janiceshaw.com / web: www.janiceshaw.com / nationality: British /

Profile

I am an all-round web developer with a wide range of experience of over 17 years in web development. In my last permanent role I created responsive layouts with Bootstrap and Sass for a range of mobile devices, as part of a SCRUM team. I am currently looking for employment in Switzerland while freelancing.

Work Experience

Freelance UI Designer (2018 -) - Leo Learning; Brighton, UK

I am currently freelancing for Leo Learning, creating mock-ups and prototypes using Adobe XD. www.leolearning.com
[Adobe XD]

Web Developer (2016 - 2017) – INTO University Partnerships; Brighton, UK

I contributed to a range of projects building online learning platforms, creating web page templates and associated responsive stylesheets.

I made responsive layouts for a range of mobile devices, from mock-ups and wire frames, and updated Django (React) and Moodle templates. I was working with a Git workflow on the Ubuntu operating system.

I collaborated with other developers and programmers, scrum masters and product owners, presenting work to colleagues in fortnightly sprint reviews. www.intostudy.com
[HTML5, CSS3, Sass, JavaScript, React, Bootstrap, Git, Moodle, Django, Photoshop, SCRUM]

Content Integrator (2014 - 2016) – Brightwave; Brighton, UK

I built e-learning courses using XML, HTML, Lumesse - CourseBuilder and Articulate - Storyline. I also edited graphics using Adobe Photoshop. www.brightwave.co.uk
[HTML, XML, CSS, Lumesse CourseBuilder, Storyline, Photoshop]

Freelance Front End Developer (2015) – CWTdigital; Brighton, uk

I worked on projects built using Foundation and Bootstrap frameworks, to create responsive websites.

[HTML5, CSS3, Sass, LESS, jQuery, Foundation, Bootstrap]

Freelance Web Developer – (2010 - 2014)

While travelling in Europe and back in the UK, I worked for different clients on a variety of projects, designing and developing responsive websites. I also worked on projects for EPG Health Media.

[HTML5, CSS3, jQuery, WordPress, PHP, Responsive design, Photoshop]

Web Developer, EPG Health Media; Tunbridge Wells, UK – (2007- 2010)

As a Web Developer at EPG Health Media, I designed, updated and developed their sites. I also designed promotional materials for print.

[Coldfusion, SQL, HTML, CSS, jQuery, Photoshop, Illustrator, Dreamweaver]

Freelance Web Developer – (2005 - 2007)

I worked for various clients while travelling in Central America, designing and developing websites, I also studied Spanish at the Universidad Nacional Autonoma De Mexico.

[Photoshop, HTML, CSS, JavaScript, jQuery, Flash]

Web Systems Development Officer, London Borough of Barking & Dagenham ; London, uk – (2001-2005)

I worked within a team on the council website, schools intranet and microsites. I assisted with the design, development and maintenance of these sites, gaining experience in a range of applications:

[XHTML, CSS, javaScript, SQL, Coldfusion, Microsoft Access, XML, Photoshop, Acrobat, Illustrator, Flash, actionscript, Dreamweaver]

Education

University of Central England - 1997-2000

BA Hons, Fine Art

London College of Communication (part of the University of the Arts London) - 2000-2001

Photoshop, Web Page Design

Universidad Nacional Autonoma De Mexico – 2005-2006

Spanish Level 1-3

Hobbies

When I'm not working I enjoy playing the guitar, learning to play the drums, learning German and photography.
